

H.S.T. Has No Strike Plans

Some Say He May Call In Steel Leaders

Washington, Oct. 25—(AP)—President Truman got a full report today on the worsening steel-coal crisis. But the White House said he still had no plans for taking a direct hand in the two strikes.

There was some speculation that the president may call the steel industry disputants to a White House conference later this week.

While there was no confirmation for this, it was noted that Philip Murray, head of the CIO and its striking steel workers union, is coming this way from Cleveland meetings with CIO leaders. Murray is due to speak at a New York City political rally Thursday night.

No-Progress Report Made

A no-progress report on the steel and coal strikes was made to the White House by Curtis S. Ching, the government's mediation chief. Ching talked for 45 minutes with the president's assistant, John R. Steelman. Irving S. Olds, chairman of U. S. Steel Corp., reported "no end to the steel strike is 'immediately in sight'."

Olds also reported that U. S. Steel has lost 2,200,000 tons of steel production since the strike started October 1.

Big Steel Earnings Down

U. S. Steel's directors, declaring a regular quarterly dividend, reported the company's net income for the third quarter of 1949 was \$39,171,144, compared with \$44,123,595 for the second quarter of the year and \$34,559,132 for the third quarter of 1948.

In Cleveland the CIO's executive board pledged "moral, organizational and financial support" for Murray's steel strike. It did not pledge any fixed amount of money aid.

Youth For Christ Leader Says Group Covers 59 Nations

Chicago, Oct. 25—(AP)—A Youth for Christ leader said today that the interdenominational movement has spread to 59 countries.

Dr. Robert A. Cook, president of the movement, added that more than 2,000 groups reaching an estimated 1,000,000 young persons, now exist around the world.

Youth for Christ is holding its world vision conference in the Moody Memorial church here.

Dr. Cook said the organization has started movements in Yugoslavia, Burma, Guatemala and Honduras in the last few months. He said 100 teams of students from colleges, seminaries and bible institutes will meet in Brussels, Belgium next July for the second annual world congress on Evangelism.

Cy Jackson, Des Moines, Iowa, member, told the group "the ignorance of high schoolers on bible knowledge is tragic. A survey in Des Moines a month ago revealed that 62 per cent of the teen ages did not know that the bible is divided into two parts, the old and the New Testament."

CIO Union Sends Murray \$10,000--Evidence Of Faith

Chicago, Oct. 25—(AP)—The CIO Mine, Mill and Smelter Workers said today the union had sent \$10,000 to Philip Murray, CIO president, to keep within the CIO.

The money was sent as "evidence of our good faith" in the attempt to pay off the union's arrearages in its per capita taxes paid to the parent labor body.

Accompanying the check was a request from John Clark, mine, mill president, asking either "ex-emption" or all or part of its back per capita taxes, or for arrangements to accept the balance in monthly installments. Union officers said the balance due had not been calculated.

The International Union of Mine, Mill and Smelter Workers was one of the internationals which founded the CIO.

Russia Requests Yugoslavia Recall Its Ambassador

London, Wednesday, Oct. 26—(AP)—The Soviet Union has asked Yugoslavia to recall its ambassador to Russia, the Moscow radio announced today.

The radio, heard in London by the Soviet ministry of foreign affairs, accused Yugoslav Ambassador Karl Mrazovic of "spying and subversive activities against the Soviet Union."

The note demanding Mrazovic's recall was handed to the Yugoslav embassy in Moscow yesterday.

"The text of the note," the ministry of foreign affairs of the union of Soviet socialist republics has been authorized by the Soviet government to inform the Yugoslav government of the following:

"During the Budapest trial of the state criminal and spy (Laslo) Rajk and his accomplices it was established that the present Yugoslav ambassador in the U. S. S. R., Mrazovic, had for a long time engaged in spying and subversive activities against the Soviet Union, and while being Yugoslav ambassador in the U. S. S. R., had come out in the Yugoslav press with slanderous fabrications against the Soviet Union."

"In view of this the Soviet government considers it impossible for Mrazovic to continue to be Yugoslav's diplomatic representative in the U. S. S. R."

Truman Signs Bill Giving States Aid To Build Airports

Washington, Oct. 25—(AP)—President Truman today signed legislation under which the states stand to get increased federal aid for airport construction this year.

The allotments by the Civil Aeronautics administration for this fiscal year may be as much as 47.26 percent more than originally made available for the year.

However, this does not take into account the provisions in the legislation that states which within 90 days have not obligated airport aid funds apportioned to them during the last three years will lose the former allocations.

The legislation provides that all unobligated previous airport aid funds for the 1947, 1948 and 1949 construction programs revert to the treasury to be redistributed for use this fiscal year, ending next June 30. Twenty three states stand to gain on an overall basis, with 25 and the District of Columbia losing due to reversion of the past funds.

Chicago, Oct. 25—(AP)—The Chicago and Northwestern railway announced today it will discontinue operation of 24 suburban trains after midnight tonight in compliance with a government coal-saving order.

Five other trains have been assigned additional stops to provide service to passengers whose regular trains have been suspended.

The Interstate Commerce commission issued the curtailment order that all railroads with coal-burning passenger locomotives must curtail their passenger train service by 25 per cent if they have 25 days or less coal supply.

Army To Offer Discharge To Draftees After 1st Year Of Estranged Pair

Montgomery, Ala., Oct. 25—(AP)—The Army plans to offer discharges to men who begin Dec. 1 to men with at least a year's service indicated under the peacetime draft act.

Secretary of the Army Gordon Gray announced the new policy today in an address before the annual conference of the National Guard Association.

His announcement punctuated a continuing barrage aimed by guard leaders at any attempt to bring the guard under federal control. Maj. Gen. Lewis B. Hershey, national selective service director, put in what appeared to be a plug for renewal of the draft law which expires next June.

He told the conference that keeping the draft machinery in readiness is vital to the nation's survival.

West Frankfort, Ill., Oct. 25—(AP)—A second United Mine Workers local here began issuing food credit orders for striking miners yesterday.

President Carl Wells of UMW Local 83-17, with 630 miners, said the men would be allowed to purchase up to \$15 worth of groceries a week for two weeks. Additional food orders will be issued if conditions require them, he said.

The union guarantees payment to grocers and the miners repay under a payroll checkoff plan when they return to work.

1st Jet Airliner Averages 450 MPH In 6½-Hour Flight

London, Oct. 25—(AP)—The world's original jet airliner sped from England to Africa and back on a test flight today in six hours and 36 minutes. It averaged more than 450 miles an hour.

Britain hopes to capture a major share of commercial air travel in the next five years with planes on the model of the craft, the shark-nosed, four-jet De Havilland comet.

One of the targets is Trans-Atlantic service between London and New York. The United States has no comparable plane. The pressurized cabin on the comet is designed to carry 36 passengers.

Capt. John Cunningham, De Havilland's chief test pilot, made the round trip between London and Castel Benito, Tripoli, Libya, to check the comet's fuel consumption under airline conditions. The jets burn kerosene.

On return to London in three hours and 13 minutes, at an average of 463 miles an hour, set a new distance speed mark for this type of plane. The trip from London was made in three hours and 23 minutes, for an average of 440 miles an hour.

Murder, Suicide Suspected In Death Of Estranged Pair

Chicago, Oct. 25—(AP)—A 40-year-old Chicago policeman and his 34-year-old estranged police-matron wife were found shot to death in her brother's northwest side home today. Police authorities said it was murder and suicide.

The bodies of Elmer M. Peters and his wife, Frances, were found sprawled in a pool of blood with a .38 caliber service pistol nearby.

Policeman Joseph Connolly said that Peters probably killed her and then himself when he failed to persuade her to withdraw her suit for divorce. The couple, who had been married for 16 years, separated two weeks ago. They had no children.

Says Safest Place In Atomic Blast Is In Your Home

Mexico City, Oct. 25—(AP)—What should you do if an atomic bomb hits your town?

The safest thing is to stay indoors, wherever you are, unless there is a specific reason for evacuation of the area. Turn on the radio if there is any current, and be ready to fight local fires and follow instructions.

This was the answer given today by Maj. Albert J. Bauer of the U. S. Army surgeon general's office, in a report before the 12th international congress on military medicine and pharmacy. He was aided in preparing the report by Capt. John R. Regness, U. S. Army medical center.

The report was based on a study of the explosions at Hiroshima, Nagasaki and Bikini.

It tries to get rid of "atomic neurosis" or fear of the unknown produced in some people by the atomic bomb.

To begin with, Bauer says, your chance against the atomic bomb is better than you might think.

If you are four miles or more from an explosion your chances of escaping death of injury are almost perfect.

Says Guided Bombs May Give New Life To Old Warships

New York, Oct. 25—(AP)—Rear Adm. D. V. Gallery said today that the development of guided missiles "may even give the much-maligned battleship a new lease on life."

The admiral, assistant chief of naval operations for guided missiles, wrote in the Saturday Evening Post: "I am not a so-called battleship admirer, but if you take a fast, tough ship like the Missouri and replace her 16-inch guns with guided antiaircraft rocket launchers, you will have a fighting unit which can venture within spitting distance of any shore line in the world."

"Assign her to a fast carrier task group and you have a combination which a non-naval power can't stop."

The title of Adm. Gallery's article was, "Don't let them cripple the navy." In it he also observed:

"Within a few years we will have guided missiles, both shipborne and airborne, which will make sitting ducks out of jet bombers now on the drawing board."

6 Indicted For Embezzlement, Will Be Arraigned Soon

Fort Wayne, Ind., Oct. 25—(AP)—Six men indicted in a \$350,000 embezzlement of the Farmers and Merchants State bank at Spencerville will be arraigned Saturday in Federal Court here.

Also called for arraignment before Judge Luther M. Syggett are three men indicted in a Fort Wayne counterfeit ring.

The indictments against the 12 men were returned Oct. 14 by the federal grand jury meeting at South Bend.

The list of those indicted in the bank shortages is headed by Clyde G. Reutenwall, 65-year-old former cashier of the bank, and Roy C. Chaney Jr., 26-year-old Spencerville used car dealer.

Chaney is under indictment on six counts of check kiting. The contents of the indictments against Reutenwall have not been disclosed.

KILLED AS AXLE OF TRAIN BREAKS

Avignon, France, Oct. 25—(AP)—Eleven persons were killed and 46 injured in a train wreck today. A broken axle was blamed.

The Spanish border express was a self-propelled "auto rail." It left the tracks and smashed into a farmers' yard at Barbentane, just outside Avignon. All the victims were identified were French residents.

CIO Heads Plan Anti-Red Campaign For Convention

Cleveland, Oct. 25—(AP)—The CIO's Maritime union and secretary of the left and right wing factions got together today on at least one issue: they pledged full support of Philip Murray's 25-day-old steel strike.

The 51-member executive board, meeting to prepare for next week's free-swinging "showdown" between the leftist and anti-communist leaders in convention, adopted a unanimous resolution on the strike.

It pledged "full moral, organizational and financial support in this strike which the steel industry, on orders from Wall Street, has forced upon the steelworkers and the American people."

Walter Reuther, red-headed leader of the United Auto Workers and sometimes regarded as a possible successor to Murray, introduced the resolution at a three-hour session of the executive board.

Reuther was chosen chairman of the powerful resolutions committee for the convention, starting next Monday. That means he and big Joe Curran, head of the National wing leadership,

Armed Forces Chiefs Meet

Bradley Says Conference 'Harmonious'

Washington, Oct. 25—(AP)—Bitterly estranged admirals and generals sat down around the table today in what Gen. Omar N. Bradley called a "harmonious" meeting of the U. S. joint chiefs of staff.

Just what they said to each other was kept secret. But the fact that they met at all was considered news, because there had been predictions that they might never work together again, so great has been the split.

Admiral Louis E. Denfeld, chief of naval operations, was among those present. At House hearings he and other admirals assailed the handling of the unified defense set-up, saying the navy was being woefully weakened, to the detriment of the national security. Gen. Bradley, who is chairman of the joint chiefs, thereupon struck back at "Fancy Den" admirals.

Things Went 'Fine'

When today's three-and-a-quarter hour meeting ended, reporters asked Bradley:

"How did things go, general?" "Fine, fine," the chairman replied.

Was the meeting harmonious? "Sure," answered Bradley, poker-faced.

Was the testimony before the House committee brought up? "I have no statement," Bradley answered. "It was just a normal meeting of the J.C.S."

Bradley left the conference room by one entrance, most of the remaining members by another, but Bradley hastened to disclaim this.

"The fact that they went out the other entrance has no significance," he said. "They always go the other way."

Act Friendly

As he walked down a corridor of the huge Pentagon building, Bradley, threw an arm about the shoulder of Rear Admiral Arthur C. Davis, director of the joint staff. They talked and smiled.

Admiral Denfeld left in the company of Vice Admiral Arthur Scrabble, the deputy chief of naval operations, and Lt. Gen. Alfred Gruenther, army deputy chief of staff for combat plans and operations. Denfeld was grinning.

Gen. J. Lawton Collins, army chief of staff, came out with Gen. Muir Fairchild, vice chief of staff who represented Gen. Hoyt Vandenberg, chief of air staff, was in Puerto Rico.

Earlier in the day, Secretary of Defense Johnson, talked over the armed forces row with President Truman, but later kept silent about a possible shakeup in the navy high command.

Czech Bishops Say Priests May Accept State Pay

Prague, Czechoslovakia, Oct. 25—(AP)—Czechoslovak Roman Catholic bishops gave ground in the church-state fight today. They said priests may swear loyalty to the communist government and accept government salaries—with reservations.

President Klement Gottwald named his communist son-in-law, Justice Minister Alexei Cepicka, to head the cabinet office set up by recently enacted laws to control church finances, appointments, administration and pay. Cepicka has declared that opponents of the laws will be "broken as an enemy of the state."

The bishops took their new stand to permit the country's 7,000 priests to stay out of jail. Church sources report that nearly 300 priests already have been put behind bars for opposing the church legislation.

U. S. Tax Laws Changed By Bill

Washington, Oct. 25—(AP)—President Truman signed into law today a bill making numerous technical changes in the federal tax laws, including 16 extra days for farmers to pay their income taxes.

Heretofore farmers have been required to file a declaration of estimated tax by January 15 following the year in which the liability was self-propelled "auto rail." It left the tracks and smashed into a farmers' yard at Barbentane, just outside Avignon. All the victims were identified were French residents.

Farmers are not required to make their tax estimates currently, as other tax payers, because their income is uncertain until harvest time.

Average Earnings Of Laborers Rise

AMERICAN TOURISTS CAN HELP U. S.
Some 600,000 Americans are expected to travel to Europe and the Holy Land in the next year. About 250,000 visited Europe this year up to Sept. 15.
These tourists are welcome because they take much needed dollars into European countries. Thus they help stimulate trade between the countries they visit and the United States. Lack of dollars prevents many nations from buying much more than they do from us. Economically, then, American travel abroad is a good thing.
There is still a greater value to be gained from American travel in foreign countries if those who travel live up to their obligations. This country has been extremely weak in selling its good points to other countries. They think of us as dollar crazy millionaires, or gun toting gangsters, or luxury reveling loafers. They seldom understand that we have attained our high standard of living through hard and persistent work, and that we keep it only because we seek constantly to find better ways of producing more things for more people.
These 600,000 Americans can be ambassadors who spread the truth about this country.

Many Farm Youth Events Scheduled At International

Chicago, Ill.—Farm boys and girls from the world over will figure prominently in affairs of the Golden Jubilee edition of the International Live Stock Exposition.
The big 50th anniversary show is scheduled for November 26 through December 3 in the Amphitheatre of the Chicago Stock Yards.
The Junior Live Stock Feeding Contest at which boys and girls show baby beavers, lambs and barrows of their own raising, and the Junior Livestock Judging Contest which determines the national winner among state champion teams of amateur livestock judges are among the current-raised on opening day.
Last year farm youngsters exhibited nearly a thousand head of livestock in the Junior contest. Many of these went on to win top places in the open show for adult livestock feeders. In the 1947 International, two of the three individual show grand champion animals were shown by youngsters.
The auction of livestock shown by boys and girls last year totalled nearly half a million dollars.
The 26th National 4-H Club Congress will be held in downtown Chicago to augment the affairs of International week. It will bring the cream of farm youth as delegates to the congress. They will have a huge exhibit in the Amphitheatre during the eight-day show.
On Wednesday more than a thousand club members will be guests at a matinee horse show and supper at the Exposition and in the evening will parade under banners in the arena, providing what many believe is the most colorful and moving spectacle of the entire week.

English Journal Carries Article By Miss Leonhard

The October issue of the English Journal, national professional magazine for English teachers in secondary schools, carries an article by Miss Emma Mae Leonhard of the faculty of Jacksonville High school.
In the article, Miss Leonhard presents a summary of the work done last year in the senior English classes at J.H.S., which is one of the four schools in the state working with the curriculum committee of the Illinois Secondary School Principals' association and the office of the state superintendent of public instruction on the revision of high school English courses.

Enlisted "A Senior's Design for Living," the courses at J.H.S., according to Miss Leonhard, were directed at "opening the students' already opening eyes to life's problems and to offer to them as individuals some basic principles to master and to follow habitually in order that they might grow into more independent, adequate, free and mature individuals."

Using the functional approach throughout, the English curriculum for all four years has been revised with the purpose of making the work more meaningful so as to better fit the needs of all students.
Miss Leonhard and Miss Maurine Self are co-chairmen of the local committee, which is made up of all nine members of the English department.
They have had the help of an advisory committee from the University of Illinois, of which John DoBoer has been chairman.

3-Day Program Honoring Zupke

Champaign, Ill.—Illinois pays tribute next week to one of its greatest institutions, retired coach Robert Carl Zupke, the son of a Berlin jeweler who wrote a memorable chapter in American intercollegiate football.

Three days of Zupke-honoring activities begin at 6:30 p.m. Thursday when 29 captains or their representatives from teams which "Zup" coached will honor him at a testimonial dinner. Prominent newspapermen and University officials will be special guests.

Two of Zupke's early championship teams, 1914 and 1919, will hold a reunion dinner Friday night with their coach as guest of honor.

Climax of events will be an Illinois-Michigan football game at 1:30 p.m. Saturday on twenty-fifth anniversary of Memorial Stadium dedication when Harold E. "Red" Grange staked one of the finest individual efforts of any collegiate football player to beat the Wolverines 39-14.

"Red" will be on hand, as will many other Illinois football stars, and he'll present "Zup" to a sellout crowd of 71,119 at halftime when lettermen honor Zupke with a gift.

Every football player present who has won a Varsity "I" will come down from the stands to join in tribute to "Zup" on the field.

Mr. Zupke, now 70, can review a brilliant career in intercollegiate football which began in 1913 when, despite dictates of tradition, the late "G" Huft brought him to the University to coach his first team.

YUGOSLAV "WAR GAMES" ARE PLAYED IN EARNEST—With the end of the Greek Civil War and rumors that Communist guerrillas are infiltrating Yugoslavia from Greece, this year's Yugoslav "war games" got even more serious attention than usual. Here a detachment of mechanized artillery, apparently of World War II vintage, rolls along a road under watchful eyes of Yugoslav officers, at left.

Work on the village streets was started Saturday, with the county maintainer using its "scarifier" to dig up the hard surface of the streets, after which the loosened gravel and oil will be leveled again. This work is being done to eliminate the many holes in the streets, that have caused much discomfort to automobile traffic through the village.

Red Grange Declares That Johnny Karras Is Illinois' Finest Back

Chicago, Oct. 25.—(P)—Sophomore halfback Johnny Karras of Illinois today was headed toward a new Big Ten ground-gaining record. And he had the cheers of an illustrious Illinois predecessor, Red Grange.

"Karras is the finest back Illinois has had in a long, long time," declared Grange, the peerless "Gallop of Ghost" of a quarter century ago.

"And he's the best back in the conference, I've seen for quite a while."

League statistics today credited the swift, 181-pound Karras with 347 yards in 47 thrusts. He has a

Jack Onslow Ousts White Sox Coach Bing Miller

Chicago, Oct. 25.—(P)—In his first move since getting a vote of confidence for 1950, Manager Jack Onslow of the Chicago White Sox today released Coach Edmund "Bing" Miller, 55, who was with the club since 1942.

Miller, former star outfielder with the Philadelphia Athletics, joined the Sox as coach under Jimmy Dykes Dykes, who preceded Ted Lyons and Onslow at the Pale Horse Helm.

Onslow's decision to release Miller was announced by Sox General Manager Frank Lane. Onslow is at his home in Acton, Mass., from where he informed Lane he had "two or three" candidates in mind for Miller's job. Remaining Sox coaches are Ray Berres and Buster Mills.

Last Wednesday, Sox vice-president Charles Comiskey announced Onslow would be retained for the final season of his two-year contract. This scotched reports that Onslow's contract would be bought up and a new manager named for 1950.

Onslow has not identified his candidates for Miller's berth, but two are believed to be former major league managers. Miller, who played in three straight world series with the Athletics (1929-30-31) also coached for the Boston Red Sox and Detroit Tigers after ending a 16-season major league playing career in 1936.

Collegians Seek Seventh Win From Pro Cagers Tonight

Chicago, Oct. 25.—(P)—Four-fifths of Kentucky's N.C.A.A. title team may start against the Minneapolis Lakers tomorrow night in the 10th annual All-Star basketball game at the Chicago Stadium.

A crowd of more than 15,000 is expected to watch the collegiate squad, coached for the first time by Kentucky's Adolph Rupp, seek a seventh triumph over professional opposition.

Rupp has Alex Groza, Ralph Beard, Wallace Jones and Cliff Barker from his brilliant Wildcat quintet of last season and has hinted he may start the four as a unit.

However, with 12 other 1948-49 college stars to choose from, Rupp said he won't decide on his starters until game time. Other collegiate aces include Jack Kerris of Loyola, Vince Boryla of Denver, Leo Barnhorst of Notre Dame, Bob Harris of Oklahoma A & M, Dike Eddleman of Illinois; Ed Macaulay of St. Louis; Jim McIntyre of Minnesota; Vern Gardner of Utah; Tony Lavelli of Yale; Vern Mikkelsen of Hamline; Ernie Vandewegh of Colgate; and Johnny Wilson of Anderson, Ind., college.

SPOIL FRANK PARKER'S PRO TENNIS DEBUT

New York, Oct. 25.—(P)—Francisco "Pancho" Segura, the transplanted Ecuadorian, spoiled the professional tennis debut of Frankie Parker to night by defeating the former national amateur champion, 6-3, 6-4, at Madison Square Garden.

Joey Maxim Scores TKO Over Kahut After 4th Round

Cincinnati, Oct. 25.—(P)—Joey Maxim of Cleveland, 182½, scored a technical knockout over Joe Kahut, 188, Portland, Ore., here tonight when the city boxing commission doctor refused to allow the westerner to answer the bell for the fifth round.

Dr. Walter Phillips, the boxing physician, stopped the bout after Kahut had suffered a cut over his left temple. Between rounds Kahut's seconds were unable to stop what the physician called a temporal hemorrhage.

Maxim, the National Boxing Association American light heavyweight champion, was razor sharp tonight in the over-the-weight limit fight.

He took the first and second rounds with snappy short left hooks, jabs and an occasional right to the chin.

Kahut, who won a 15-round decision over the Cleveland boxer last December, ignored Maxim's jabs and hooks in an effort to land a knock-out punch. It was that design of battle which apparently led to his downfall.

Kahut was at his best in the third round when he landed one terrific right to Maxim's chin which shook the Clevelander. The clever Buckeye boy, however, boxed his way out of danger.

Kahut took the offensive in the fourth round with hard left hooks to the stomach and was doing very well until a crossing right caught the Oregon boy between the left eye and the temple, starting a spurt of blood which gushed down his chest.

Kahut, however, ignored the wound and carried the fight to Maxim until the bell ended the round.

The boxing commission physician was waiting for Kahut when he returned to his corner and when his seconds were unable to stop the flow of blood, ordered the contest ended.

Football Briefs

Wildcat Breaks Nose
Evanston, Ill., Oct. 25.—(P)—Speedy halfback Johnny Miller suffered a broken nose in the last minutes of a brief Northwestern scrimmage today. A mask is being prepared so he can play in the important Ohio State game Saturday.

Another speedster, sophomore Rich Athan, aggravated an ankle injury that has kept him benched for two weeks and will be unable to play Saturday.

Illini Ready For Single Wing
Champaign, Ill., Oct. 25.—(P)—Illinois' defensive unit, which will face a single wing attack for the first time this season against Michigan Saturday, scrimmaged against the formation today.

Tackle Al Tate and center Lou Levanti, defensive bulwarks, were forced out with knee injuries, which were diagnosed as not serious by the team physician.

Bernie Krueger, who passed for 256 yards against Michigan last year, sharpened his target eye.

Tickets for the Zuppke day game are moving fast and the season's top crowd of 71,000 here is expected.

Purdue Preps For Gophers
Lafayette, Ind., Oct. 25.—(P)—Purdue worked on defense today in preparation for its Saturday football date with Minnesota's once-beaten Gophers.

Boilermaker Coach Stu Holcomb indicated a sophomore duo, Glenn Young and Mike Macioli, probably will alternate an offense in the Big Ten clash with veteran halfbacks Harry Szulborski and Norb Adams.

Irish Battle For Positions
South Bend, Ind., Oct. 25.—(P)—Five senior starters were battling to hold their positions as unbeaten Notre Dame continued work for its Saturday tussle with Navy at Baltimore.

Billy Gay previously lost the starting call at left half to Frank Spaniel, the scrap between them still is close.

Contenders for other questionable berths included Frank Johnson and sophomore Paul Burns, left guard; Ralph McGehee and sophomore Bob Tonett, right tackle; Bob Lally and junior Red Walther, right guard; and Walt Grothaus and junior Gerry Groom at center.

Washington Redskins Prove Football Slogan Wrong, Statistics Show

Philadelphia, Oct. 25.—(P)—That old football slogan about "the best defense is a good offense" isn't scoring many points in the National football league these days.

With five games played, the statistics show the Washington Redskins pacing all other teams in yards gained.

And the league standings show those same Redskins mired in fourth place of the five-team eastern division with two wins and three defeats.

The answer could be a defense itself, the bruising art of stopping the other team. The Redskins are a solid last in stopping enemy ball carriers.

Despite their 49-14 thumping here by the Eagles Sunday, the Washington team of Admiral Billik Wheelchel has gained 1949 yards, a dozen or more than the Chicago Bears who seem to be on alternate Sundays either too hot or too cold.

Lcs Angeles, unbeaten leader of the Western division, has 1657 yards, good for fourth place behind the Philadelphia Eagles 1729. But the Eagles are sharing eastern leadership with Pittsburgh's surprising steelders, who have only 1877 yards.

That makes the Steelders trailing Washington by about a fifth of a mile. Which is a long way to either run or pass a football.

In opponent's yards gained, it's pretty much the opposite story. The Eagles have the best record, allowing on 1207 yards. The Bears rate No. 2, with 1356 yards.

And Washington's unhappy total of 2012 is nearly 300 yards more than the chewed-up New York Bulldogs have permitted.

Most of the team statistics follow that pattern. The Bears, thanks to sharp-shooting Johnny Lujack, are far out in front of passing offense

same as that which swept the team to the league championship in 1947 and the western division title last season.

Injuries to such key performers as Charley Trippi, Pat Harder and Mal Kutner were reflected in losses to the Philadelphia Eagles and Chicago Bears this season. But the Cardinals were in good shape for the underdog Lions last Sunday. The Cardinals defeated the Washington Redskins and Green Bay Packers in their two other starts.

Parker is from Kemp, Tex., and played halfback for Centenary college. Handler is a one-time guard for Texas Christian. They were appointed co-coaches early this year when head coach Jimmy Conzelman resigned.

Parker Claims 'No Friction'
Parker said today that there has been no friction between Handler and himself as co-coaches. During games, Parker was a spotter in the press box and Handler handled the team on the field. Now Parker will run the team on the field and Goldberg will be the phone tactician.

Tall and leathery, Parker came to the Cardinals in 1937 from the Detroit Lions in a swap for tackle Bob Reynolds. Two years earlier, Parker had joined the Lions after captaining Centenary in 1934 and finishing that season as one of the nation's top college ground-gainers.

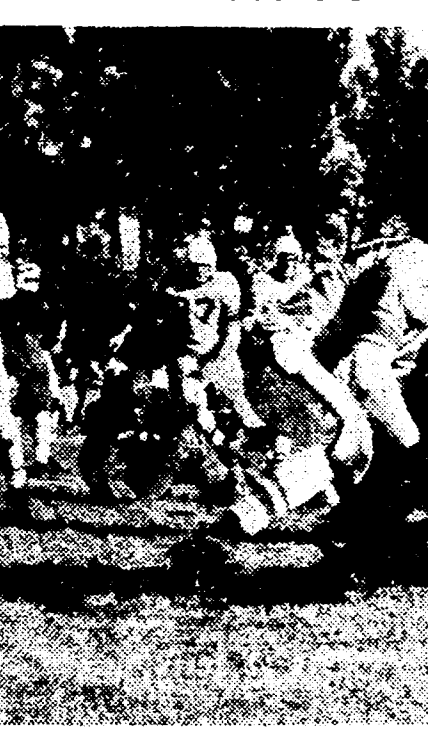

In 1942, a season before he finished playing, Parker became an assistant Cardinal coach. He served under Conzelman that year, under Handler from 1943 through 1945, when Conzelman temporarily left professional football, and again under Conzelman from 1946 through 1948.

Handler assumes the vice-presidential position which remained dormant after Conzelman's final resignation.

"Motz (Handler) formerly signed almost half of the players who came to the Cardinals," Bennigsen explained. "Now he will devote full time to that capacity."

Handler joined the Cardinals in 1930, played seven seasons and then became an assistant coach. Parker was his first assistant during Handler's 1943-44-45 head coaching tenure.

FRIEND OR FOE?

When Ray Watts, Illinois College's speedy halfback, sees this picture, White uniforms Charles Seng (28) Watts is shown slicing through of McKendree is certainly chasing McKendree's line during the Blue-boys homecoming encounter here fullback is throwing a perfect block Saturday afternoon while his team in the foreground.

Jerseyville's season's record—five straight wins—is a bit better than Pittsfield's. The Panthers started slowly, losing a 21-14 decision to Roxana, but have rolled over their remaining five opponents in convincing style. Benld and Greenfield bowed on the local field, 12-0 and 12-6. The Panthers then went on to four successive wins over Carrollton, 24-7, White Hall, 51-0 and Winchester 20-0. In six games, Hall's men have rolled up 133 points to opponents 34.

Pittsfield Beaten Twice
Pittsfield won its first start from Jacksonville, Mo., 12-6 in a surprise defeat. They opened the conference season with an easy win over White Hall and then edged a tough Roodhouse club 13-12 before suffering their lone Ivy defeat to Greenfield, 5-0. Last week the Pike county outfit whipped Pleasant Hill, 19-6. They have scored 91 points, the opposition 36.

Jerseyville boasts a sharp running game, with three of the Valley's top backs to carry the ball, Thurston, Bridgewater and Warford. The boys can also pass, scoring touchdowns by the aerial route in the Benld and White Hall games. A strong forward wall has also been instrumental in the Panther victories.

Two of the best ends in the conference bolster the Pittsfield eleven. Rich Zimmerman and Don Beard are big, good tacklers, blockers and can snag passes. Because of their pass catching ability, the Saukees are a largely air-minded team.

All signs point to a battle royal with the Panthers at home, playing before a friendly homecoming crowd.

Other Valley Games
Greenfield entertains White Hall Thursday night. The Tigers will be playing without the services of Dean Cochran, Illinois' leading scorer for a while, who broke an arm playing against Roodhouse last week.

Another important conference contest will see Roodhouse at Carrollton Friday night. The two aggregations are the surprise of the conference. Both have lost but once and are very much in the running for the title.

Carrollton will depend on the

Jacksonville high school is planning a gala homecoming celebration this weekend, climaxed by a Central conference football game between the Crimsons and Clinton under the JHS bulbs Friday night.

A queen-initiative is secret—will be crowned at a dance following the grid tussle. Pre-game ceremonies list a bonfire and snake dance as the main activities Thursday night.

Interested in a Jacksonville Athletic Booster Club? Rumor has it that a group of men within the Lions club has started the ball rolling in that direction. In fact, it's more than a rumor. Rex Henley announced last night that an invitation is extended to every father in Jacksonville who has a boy playing ball in local grade or high schools to attend the organization meeting which will be held in the Elk clubrooms Tuesday, Nov. 1, 7:30 p.m. Service organizations are also urged to climb on the band wagon.

Horse Racing Will Return To Fairmount Track

St. Louis, Oct. 25.—(P)—Horse racing will make a come-back next year at nearby Fairmount race track in Illinois—this time at night—the Globe-Democrat said tonight.

The newspaper said it learned from a reliable official who insisted on remaining anonymous that the purses would be more generous than the last time horse racing took place there.

The track has been used by harness racers for the past two seasons. "We don't know yet about the harness racing," the paper quoted its source. "There's a possibility some one might make a proposition. It's not definitely out. But it's remote that anyone will come in with harness racing unless they pay us a decent rental."

A 30-night meeting from May 30 to July 4 will be requested of the Illinois racing commission, the paper added. If that is profitable, the track probably will ask for another 30 nights in August.

The average for purses is expected to be about \$1,200, \$500 higher than in 1947.

JOE LOUIS PLANS EXHIBITS
Boston, Oct. 25.—(P)—Joe Louis, the retired heavyweight champion, plans to appear in a series of 10-round, no-decision exhibitions.

The Brown Bomber, who has been touring in four-rounders, boxes Johnny Shkor of Boston in his first 10-rounder at the Boston Garden, Nov. 14.

Illinois Valley Race Focused On Pittsfield Jerseyville Struggle

Jerseyville—All eyes in the Illinois Valley Football conference swing in unison to Jerseyville Friday night where E. V. Hall's Panther pack takes on Pittsfield's Saukees in an all-important league encounter. Jerseyville, unbeaten in the loop, appears to be heading for its first Valley title in history. Glenn Smith's Saukee tribe, last year's champs, is currently laying in second place and presents the biggest obstacle in the Panthers' victory path.

Last season, the two elevens met at Pittsfield in the title decider with Glenn Smith's boys taking a 7-6 thriller.

Jerseyville's season's record—five straight wins—is a bit better than Pittsfield's. The Panthers started slowly, losing a 21-14 decision to Roxana, but have rolled over their remaining five opponents in convincing style. Benld and Greenfield bowed on the local field, 12-0 and 12-6. The Panthers then went on to four successive wins over Carrollton, 24-7, White Hall, 51-0 and Winchester 20-0. In six games, Hall's men have rolled up 133 points to opponents 34.

Pittsfield Beaten Twice
Pittsfield won its first start from Jacksonville, Mo., 12-6 in a surprise defeat. They opened the conference season with an easy win over White Hall and then edged a tough Roodhouse club 13-12 before suffering their lone Ivy defeat to Greenfield, 5-0. Last week the Pike county outfit whipped Pleasant Hill, 19-6. They have scored 91 points, the opposition 36.

Jerseyville boasts a sharp running game, with three of the Valley's top backs to carry the ball, Thurston, Bridgewater and Warford. The boys can also pass, scoring touchdowns by the aerial route in the Benld and White Hall games. A strong forward wall has also been instrumental in the Panther victories.

Two of the best ends in the conference bolster the Pittsfield eleven. Rich Zimmerman and Don Beard are big, good tacklers, blockers and can snag passes. Because of their pass catching ability, the Saukees are a largely air-minded team.

All signs point to a battle royal with the Panthers at home, playing before a friendly homecoming crowd.

Other Valley Games
Greenfield entertains White Hall Thursday night. The Tigers will be playing without the services of Dean Cochran, Illinois' leading scorer for a while, who broke an arm playing against Roodhouse last week.

Another important conference contest will see Roodhouse at Carrollton Friday night. The two aggregations are the surprise of the conference. Both have lost but once and are very much in the running for the title.

Carrollton will depend on the

Jacksonville high school is planning a gala homecoming celebration this weekend, climaxed by a Central conference football game between the Crimsons and Clinton under the JHS bulbs Friday night.

A queen-initiative is secret—will be crowned at a dance following the grid tussle. Pre-game ceremonies list a bonfire and snake dance as the main activities Thursday night.

Interested in a Jacksonville Athletic Booster Club? Rumor has it that a group of men within the Lions club has started the ball rolling in that direction. In fact, it's more than a rumor. Rex Henley announced last night that an invitation is extended to every father in Jacksonville who has a boy playing ball in local grade or high schools to attend the organization meeting which will be held in the Elk clubrooms Tuesday, Nov. 1, 7:30 p.m. Service organizations are also urged to climb on the band wagon.

Horse Racing Will Return To Fairmount Track
St. Louis, Oct. 25.—(P)—Horse racing will make a come-back next year at nearby Fairmount race track in Illinois—this time at night—the Globe-Democrat said tonight.

The newspaper said it learned from a reliable official who insisted on remaining anonymous that the purses would be more generous than the last time horse racing took place there.

The track has been used by harness racers for the past two seasons. "We don't know yet about the harness racing," the paper quoted its source. "There's a possibility some one might make a proposition. It's not definitely out. But it's remote that anyone will come in with harness racing unless they pay us a decent rental."

A 30-night meeting from May 30 to July 4 will be requested of the Illinois racing commission, the paper added. If that is profitable, the track probably will ask for another 30 nights in August.

The average for purses is expected to be about \$1,200, \$500 higher than in 1947.

JOE LOUIS PLANS EXHIBITS
Boston, Oct. 25.—(P)—Joe Louis, the retired heavyweight champion, plans to appear in a series of 10-round, no-decision exhibitions.

The Brown Bomber, who has been touring in four-rounders, boxes Johnny Shkor of Boston in his first 10-rounder at the Boston Garden, Nov. 14.

Someone to Love

By IRENE LONNEN ERNHART Copyright, 1949, NEA SERVICE, INC.

LIZ looked frightened after she slapped Tod. "I'm sorry, Tod!" He rubbed his cheek, and got up from his train seat. "I'm glad you did it." He went out of the compartment and looked up the porter to see about his bags. He knew now that he had had enough of Liz. He had taken a long, long time and the path behind him was strewn with wreckage. He left the train at Chicago and took a bus back to Capitol City. That was the end of the Conover Agency job, naturally. He got another job. It wasn't a highly paid one, but it wasn't a "bought" job. Ma, sick and tired of the nursing home, found some rooms in her old neighborhood and moved in with him. They were the usual sort of rooms Ma picked out. A tavern on the ground floor. A narrow stairway with chipped green plaster walls. A small kitchen with sagging cupboards and an ancient gas stove. In February Harriet showed up unexpectedly. She'd had an awful time finding them, she said. She called Tod's phone number in the book and Jenny had told her they were divorced. She hadn't heard, for she had been living in Chicago. "Good grief, what a place to live," she said, plumping her suitcase down on the studio couch. Tod was appalled at the change in Harriet. She looked old and weary. She was out of work and they had to let her stay. Ma wouldn't have turned her away for the world. Tod reasoned that at least there would be someone to look after Ma properly while he was at work. But Harriet wasn't home much. It turned out. She used the apartment for sleeping and that was about all. "Ma says you're payin' for that fine house out on Riverdale Road for Jenny while we live in a dump like this," Harriet said vindictively. "Sure, I keep up payments on the house, that was the agreement. I pay no alimony or support for the kids." "She don't need you to buy that house for her. She's makin' money hand over fist in her dress shop. You ought to see the way they've got the place fixed up. Some joint." "It's nice she's doing well," Tod muttered. He had walked by the shop once on the opposite side of the street, just out of curiosity. He could see that it was a prospering business. If it hadn't been, he might have had the courage to at least try to see Jenny. As it was there wasn't much point in it. He did see Nina, though. "I'm happy about it. All Jenny's friends are," Nina rattled on. She tugged pensively at her gloves. "Jenny's such a good kid. She mooned around so long over you, I began to be afraid she was a 'one-man gal.' But we all get over these things, don't we?" "I suppose we do," His voice cracked a little but he couldn't help it. NINA went on. "Jenny's thinking of selling out her half of the shop after Easter, because Rick's got that lovely place in Centerville, and his mother says she'll take the cottage and let them have the big house." "That's fine," He only wanted to escape from Nina now. He pulled up the collar of his overcoat. The wind blew furiously, and he couldn't hear what Nina was saying. "Well, I guess I'd better be shoving along; it's my lunch hour, you know." He scarcely knew what he was saying. Nina leaned closer, "I said, is there any message you'd like me to take to Jenny?" "No, I'm just glad to know she's well and happy." They parted. The wind seemed colder to him now. He felt cold all the way through, chilled to the bone, as though he would never be warm again. Summaries Of Convention Talks Heard By War Dads

Reports on speakers at the national convention were given by delegates at the meeting of the War Dads and Auxiliaries at 8 p.m. Tuesday at the American Legion Home, Louisville, Ky.

After a short business meeting the chapters met together and Wallace Hembrough summarized Shane McCarthy's talk on "Communism Unmasked," which brought out the point that there can be no American communists. The reason given was that our country was founded on faith in God and belief based upon that faith, whereas communists deny that there is a God.

Roy Newbery, president, gave a resume of a blind veteran's talk, Thomas C. Hasbrook, national president of the Blind Veterans' Association of America. His topic was the constant necessity of the striving of these sightless men to help themselves to independence, toward which they are trying to raise money.

Mrs. Newbery reported on the speech of Clark M. Eichelberger, director of American Associations for the United Nations, Inc., of New York City. He had given an optimistic picture of the work of the United Nations.

Mrs. Will Fanning gave a talk on O. A. Greer, national president of War Dads, who had taken pictures of the European cemeteries where American soldiers were buried. Mrs. Thomas Ruby and Mrs. Vivian Smith reported on their work as pages.

Mrs. Clyde Vasconcellos, president of the Auxiliaries and now a regional director at large, gave a short talk concerning the budget and future plans.

The next convention is to be held at Springfield, Ill.

Plans were made to attend the dinner meeting at Springfield Nov. 22 to hear H. Rowe Battle of Kansas City, Mo., national executive committee.

The Auxiliaries are to help the Dads on the Tag Day sale, Oct. 29.

Sarojini Macwan Of India To Speak At Church Banquet

Sarojini Macwan

Miss Macwan knows the problems of the American missionaries among her people. In her childhood her great grandfather was the village medicine man, known throughout the village as the "Devil Driver" until he accepted Christianity. When that occurred her parents were excommunicated by the other villagers. It was then that her father assumed the name "Macwan" from a Christian storekeeper who had befriended them in time of trouble.

The speaker has received degrees from Isabella Thoburn college, Lucknow college and the college at Jullapore, India. Her purpose in coming to this country was to enroll in Garrett Biblical Institute and to receive an M. A. in sociology. She is interested primarily in the work of the church among her people in the many rural centers that are in her father's district.
